## *Storter Family Member Visits Museum*

by Tim England, Manager

Marguerite "Mimi" Storter Morgan, daughter of Everglades' artist Rob Storter, visited the Museum of the Everglades during March, 2009, to show off the museum to a friend. Mimi is shown here holding a print of one of Rob's artworks; a painted saw blade. Mimi donated the actual saw-blade that can be viewed in the new Rob Storter exhibit case in the Carol Moseman Memorial Theater at the museum. Mimi saw old friends and renewed acquaintances around town. We were pleased and honored that she found time to visit our museum and share her remembrances of Everglades City as it was years ago.
